SMS Series Cone Crusher

SMS系列液压圆锥破碎机

SMS series cone crushers adopt fixed main shaft design, and provide a unique adjustment method. The crushing force is increased, the crushing efficiency is improved, and the crushing capacity has been improved greatly.

SMS series cone crushers enable you to increase the productivity greatly, and decrease the operation cost, they are the satisfactory choices for mining processing or aggregate production.

SMS 系列液压圆锥破碎机采用固定式主轴设计，将主轴装法、冲程和破碎力进行了改进，

Technical Data

设备技术参数

型号 Model	最大给料尺寸 Max Feeding Size(mm)	排料口范围 Discharge Range(mm)	电机功率 Motor Power(kw)	生产能力 (吨/小时)—— 开路循环, 闭路排料口 Capacity(t/h)—— open circuit, closed discharge(mm)											重量 Weight(t) (≤)
